

Candlelight Service

December 22, 2019

*You are a precious gem amongst stones.
You are a star shining most brilliantly
In the darkness of the night.*

*Be that star and hope that you can serve
As a beacon of hope and light the path
For those around you.*

*Be a shining example of beauty and divinity
Leading the way and leaving a trail
For others to emulate.*

*Live so that others may look up to you,
And follow the path of goodness and nobility
Which you thread upon.*

*When situations seem tough at times
And circumstances are beyond control
Don't stop shining.*

*Remember that stars glitter most brightly
And shine with all their exquisiteness
In the darkest of hours.*

*So be the light, be the brightest star
And continue being who you truly are...*
